

STAK PLAST

Far Beyond Plastics

About Stak Plast

Established in 1962 Stak Plast Ltd is a family owned business based in Israel. Stak Plast Ltd is the leading manufacturer for high quality plastics packages for the Cosmetic, Toiletry and Pharmaceutical industries, utilizing different types of technologies, and the ability to respond perfectly to its customers.

Stak Plast Ltd company's plant is active 24 hours a day with a Production Department, Department of Molds, Department of Design and Department of Printing Decorations. All technology is available under one roof enabling customers to create products that are unique and impressive.

Stak Plast Ltd packaging services offers a wide variety of standard products; Bottles, Closures, Jars, Caps and Special Tubes with decoration, enabling customers to personalize their unique product. Stak Plast Ltd products range from 5ml to 1000ml.

Stak Plast Ltd. goal is to provide customers with the opportunity to order low minimum quantity orders in the shortest time possible, at a competitive price while offering high quality packaging.

Stak Plast Ltd is committed to perform continual quality and improvement programs. Quality assurance is integrated into all areas of production to provide the best quality to its customers. Stak Plast Ltd is certified ISO 9001:2015.
